PATENT MINERAL ZINC PAINTS, unrivalled for cheapness, beauty, and permanence, READY FOR USE; will stand any climate, and are well calculated for exportation. White, stone, and lead, &c., ground and ready for use.
PATENT LIQUID CEMENT, READY FOR USE on the fronts of houses, only one eighth the cost of oil paint; for beauty and durability, giving the appearance of fine cut stone. In casks of 1 cwt., 56 lbs., and 2 cwt., at 8s., 12s., and 24s. each. Casks returnable.
G. BELL and Co., Stone Mills, 3, Wellington-street, Goswell-street, London.

THE METALLIC PAINT, produced by the PATENT ALKALI COMPANY, has been extensively used for several years on farm buildings, iron bridges, roofs, and cottages, colleries, &c., and is so universally admirable as to convey a greater surface than any other pigment, and stands far better on wood, iron, brick, plaster, and all kinds of materials, than the ordinary paints. Fine black, 28s. per ton; fine purple brown, 35s. per ton.
Company's Offices, 1, New Broad-street, London.
JOHN A. WEST, Secretary.

PATENT WHITE ZINC, ANTIMONIAL, and other metallic PAINTS, greatly improved in the manufacture, may now be had in any quantity; also whitelead and painters' materials of every description.
Wholesale buyers and the trade supplied on liberal terms.
VAUGHAN and SYMONDS, Southwark Steam Colour Works, Stones-end, Borough, London.

PATENT WHITE ZINC PAINT.—JOHN WARNER and SONS are prepared to supply this paint to builders, painters, and plumbers, on wholesale terms. It is free from all poisonous qualities; it is unaffected by sea-water, sulphuretted hydrogen, or any of the gases; and preserves its original colour where white lead paint will not. Prospectuses to be had at J. Warner and Sons', 8, Crescent, Jewin-st., London.

PURE PATENT WHITE ZINC PAINT of the VIEILLE MONTAGNE ZINC MINING COMPANY.—This Company, having become Proprietors of all rights and patents of the late Patent White Zinc Company in France and Belgium, is prepared to FURNISH, on a large scale, the WHITE OXIDE of ZINC in a PURE STATE, of a quality which can only be manufactured from the Zinc from their Mines in Belgium. The Patent White Zinc Paint is superior in every respect to white lead paint. It is entirely free from all poisonous influences, and is unaffected by sea-water, sulphuretted hydrogen, or any gases; besides, it preserves its original colour, which white lead paint does not. White zinc paint causes none of those ravages invariably engendered by white lead upon the human frame; neither Painters' Cholic, nor Paralysis, &c. &c., to which dangerous complaints the workmen, who manufacture it are subject, and to which the inhabit newly painted apartments are also liable. A specimen article having been introduced in the market under the name of White Zinc Paint, the Public is cautioned that it is not, as such, to be procured; it becomes a very inferior paint, instead of a first rate one.—For further particulars and Prospectuses, apply to Mr. H. F. SOMMOLL, general agent for England and Scotland, at the Company's Offices, 18, Manchester-buildings, Weston-street-bridge, London.

HUBBUCK'S PATENT WHITE ZINC PAINT—ANNOUNCEMENT.
For MARINE USES, it possesses the following advantages:—Its whiteness is more than any other Paint, and remains that whiteness for years, unaffected by brine-water, or noxious vapours from cargo. The White Paint in the hold of a ship, after discharging a sugar cargo, is found to be as white as the day before, when newly painted. Under these and other circumstances, where every other paint hitherto known and tried has failed, the "White Zinc Paint" has preserved to the bottoms of its colour. Moreover, by virtue of its great adhesion on iron, it expels the moisture, and forms an amalgam of the two metals, which protects the iron from rust, decay, or incrustation.
For the GENERAL PURPOSES of the decorative painter, the "White Zinc Paint" has been found unparalleled in whiteness, clearness of colour, durability, and beauty of texture. It becomes as hard as to admit of polishing equal to the finest coach panelling.
For SANITARY PURPOSES the "White Zinc Paint" is valuable, not only from its being totally free from every ingredient injurious to health, but from its combining chemical qualities which render it a powerful preventive where contagious diseases have prevailed; furniture or buildings painted with it are at once disinfected. Paralysis and Painters' Cholic are avoided by its use, as well as similar results to the occupants of newly painted rooms. Apartments may be immediately occupied, without injury to the health of children or the most delicate constitution. It becomes cheaper than common paint, from its spreading over a much larger surface. Five cwt. of this paint covers as much as is usually covered by 2 cwt. of white lead. Each cask is stamped with the name "Hubbuck—London.—Patent," as the style of the Manufacturers. A circular with full particulars may be had of the manufacturers, THOMAS HUBBUCK and SON, Colour Works, opposite the London Dock.

EVANS'S MINERAL OXIDE PAINTS.

These preparations of the Mineral Oxide Paints will be found more durable, and at the same time more economical than any other paint.
They are proof against atmospheric action, gases, and salt water, of which the following testimonials are sufficient evidence.
"6, Billiter-square,
"Gentlemen, "8, April, 1851.
"The result of the trial of your Mineral Oxide Paints on the Buoys manufactured by us for the service of the Honourable Commission of the Trinity House, has been very satisfactory, both as it respects the quality and the durability of the Paints, and the economy of cost.
"You are at liberty to make use of this testimonial in their favour. "We are, Gentlemen, your obedient Servants,
(Signed) "BROWN, LENNOX, and CO."
"4, Whart Cottages, Kingsland-road,
London, April 28, 1851.
"Sir,
"We have used your paint on the various gas works which we have constructed during the last seven years, and have no hesitation in stating it to be the best and most durable covering for iron.
"We shall continue to use and recommend it as heretofore.
"We are, Sir, yours obediently,
(Signed) "WESTWOOD and WRIGHTS."
Other testimonials can be had on application.
